Make-over the one you love — it's all about the guys this week

## STELLA & MARCO

For males who care about what goes on their skin and hair, new Australian brand Stella & Marco will appeal. Using straightforward packaging and simple but effective formulations with organic and low-chemical ingredients, the range is a hit. Our favourites were the Organic Bare Balm for lips (\$12.95) with shea butter and macadamia oil, Barely Ageing Anti-Ageing Serum (\$54.95) and Bare Depth Deep Pore Cleanser (\$27.95) with ground pumice stone and jojoba beads. Also available is a stella aftershave balm (*pictured*). Visit [www.stellaandmarco.com](http://www.stellaandmarco.com).
